Genesis Genesis Argento Concept

design CreativeLab+

Il catalogo contiene i nuovi articoli presentati in occasione dell'ultima edizione del Cersaie, che integrano ed arricchiscono le collezioni Genesis, Genesis Argento e Concept, già presenti in catalogo e molto apprezzate dal pubblico. Particolare attenzione è stata dedicata allo sviluppo di lavabi con bordi sottili; sono presenti inoltre 4 nuovi lavabi ad installazione sottopiano con profondità ridotta. La collezione Genesis Argento, studiata per persone a ridotta capacità motoria, si arricchisce del nuovo vaso sospeso con profondità 70 cm. Belli, funzionali, i nuovi elementi sono davvero particolari. Una nota di originalità all'interno del panorama arredobagno.

The catalogue includes all the new items displayed on the occasion of the last (edition of) Cersaie. These new items, already present in our catalogue and very appreciated by the public, complete and enhance the Stone, Genesis, Genesis Argento and Concept collections. Our attention mainly focused on the creation of basins characterized by thin edges; four new under top basins with less depth have been added to the collections. The Genesis Argento collection, created for people with insufficient motor skills, has been provided with the new wall hung pan 70 cm deep. Beautiful, functional, the new items are really particular. A tinge of originality inside the landscape of bathroom fittings.

Genesis
